My dear Lord

I have seen the Treasury documents & obliged the Collector here to send an officer in charge of the ship to Workington so that there will be more freemen there than here to vote — but the Collector will

Your time before hand by telegraph, no doubt tomorrow I will know nearer the exact time

Now every thing is clear but the time when the ship will be ready

Give me — has given me the Lorenzo — I giving my word they shall be satisfied of the movement of the cases — they will pay the Bill of Lading — but the vessel has an "assorted Cargo of Italian products — Marble — Soap &c — and at the moment can't say when they can deliver this Cargo as they are stowed behind a good deal of other Cargo — but will get them off as soon as possible and notify

Nothing new in regard to the Cases. I took some pains when in Rome to secure as a useful feature Casts of the Great Equestrian Statues of Castor & Pollux — Achilles & Demosthenes — as in our Coming Parliament appears to furnish more than half the impulse

to art — these things in grand style Simplicity & Truth are standards to look up to by our great American!! Sculptors — but as just now it occurs to me I only write to see when you open these if you don't think it advisable to read them together — Say the two former which are excellent "Leaders" on either side of the Demosthenes — I believe these 3 things are in this lot — I have not yet seen the list however — Unless the Casting & Baking has been done in an extraordinary way (and I judge it has) the charge of 2050 Lire is very high — we have paid these disbursements and will send you a list of them when we get them all together,

I hope to be able
to forward the cases

Of course
You would hand the An-

I may go to New York Tuesday night to be gone 2 days — after my return I will go down and take time to spend some hours with you — I take it not to be essential to return before October or back of Sept — as we will likely have found other things in for them —

Might it not be judicious to have a Sentinel down there in the meantime — Mr. Wilkinson — Mr. Hart and Mr. Cutts — indeed I should like to see how it is to be worded — but I shall give my consent to it with great pleasure and when I get word certain that I do now that

Knowing you collect good pictures, I write to say, I have a fine portrait of Cortez which I owned like to sell. All I know of its history, is that Genl. Waddy Thompson of S. Ca. got it in Mexico when Minister there & [illegible] it to my friend Wm. C. Rives. Rives used it in making the likeness for his history. I think it was exhibited at the World's Fair in New York.
